

Colin Potter Memorial 10K

Home of the event:
Toilets, showers, food, drinks, medical assistance, entertainment, etc.

The runners proceed towards the village of Darley Abbey over the river Derwent and past the Abbey Pub before turning right up the hill and then left into Darley Park to meet the first kilometre marker. Runners follow the footpath which is gently undulating to the second kilometre marker. The river Derwent is on the runners' left as they head past Derby Rowing Club towards St. Mary's Bridge. Once on St. Mary's Bridge the runners pass the three kilometre marker before turning left and heading onto City Road past the Bridge Inn Pub..

There's a long, flat section along City Road before a left turn into the car park at Parker's Piece Cricket Ground.

At the end of the car park runners will be directed on to the footpath adjacent to Parker's Piece Cricket Ground before heading through the wood towards Darley Fields as they pass the four kilometre mark before getting to the tennis courts.

The runners then follow the tree-lined path through Darley Park and on to Folly Road where they are greeted by the drinks station and half way point. Haslams is now visible and it is a great opportunity for the Race Commentator and spectators to see the runners and be given their half way race time.

The runners turn left at the junction of Folly Road back onto Haslams Lane to complete a second lap of the same circuit.

To finish the runners are brought onto the rugby pitches at Haslams from Darley Park where support and commentary is resumed as you pass the finish line to collect your complementary bag of goodies, drinks and a well-earned rest.

Don't forget to smile throughout your run since we have our photographers scattered around the course capturing the moments!
